# KIDS FISHING AND EDUCATION

Our mission is to provide kids the opportunity to fish, enjoy our natural resources and learn about conservation while providing them the opportunity to be awarded scholarships for higher education.

Kids Fishing and Education is a non-profit organization with two distinct formats to reach as many children and young adults as possible. We are committed to introducing our future generations to an outdoor way of life. With your help these goals can be accomplished to help provide a brighter future for many children for years to come.

Kids Fishing and Education has chosen to join with the Crappie Masters All American Tournament Trail to enhance this experience through the following programs:

- KIDS FISHING RODEOS:** All children, ages 0-14, are invited to participate in a FREE Kids Fishing Rodeo at all scheduled Crappie Masters qualifying tournaments. All kids leave with a prize and will be entered into a drawing for the Youth Scholarship Fish-Off held at the Crappie Masters National Championship. Kids Fishing Rodeos range from 30 - 200 kids in attendance and have awarded more than \$5,000 in scholarship monies annually.
- HIGH SCHOOL TEAM TOURNAMENTS:** Open to all freshmen through senior students, nationwide, FREE with no entry fees or membership fees. All teams will be competing for thousands of dollars in scholarship monies and prizes at each event. Kids Fishing and Education will host a minimum of 4 team events per year on America's premier fisheries with an expected attendance of 75 teams or more per event.

Only with your support can we reach our goal of providing for the future outdoorsman. We invite everyone, kids, parents, grandparents and communities at local, regional or national levels to come join the fun and excitement.

Sincerely,  
Kids Fishing and Education
